

KidsAid works with children and young people to help them overcome traumatic events, they may have suffered:

- Family breakdown
- Bereavement
- Domestic violence
- Abuse and or neglect
- Illness
- Peer pressure

We do this by providing Play Therapy, Art Therapy and Drama Therapy, as well as Protective Behaviours work and Child/Adult Relationship Counselling.

Our therapists are all professionally qualified and are experienced in their field; they are trained to work with families from all backgrounds and with a whole range of issues.

Early intervention to support these children and young people brings real benefits to their lives and will help to ensure these traumas will not manifest in later life, causing them more serious problems in the future.

Help us continue our work by running the Northampton Half Marathon and raising funds for KidsAid!
